taiwan is an island located off the east coast of southern china it is the largest piece of territory under the jurisdiction of the
 nation known officially as the republic of china taiwan is a place of contradictions its successful economic and political
 modernization have stimulated the imaginations of most observers still its nation state status has been constricted and
 weakened it covets and pursues peace yet it is a vortex actor in global strategic military competition it is small yet its importance
 far exceeds its size it has long occupied a critical place in history even though it has not sought this it appears inevitable that it
 will continue to be so this fourth edition of historical dictionary of the taiwan republic of china covers its history through a
 chronology an introductory essay appendixes and an extensive bibliography the dictionary section has over 600 cross
 referenced entries on important personalities politics economy foreign relations religion and culture this book is an excellent
 access point for students researchers and anyone wanting to know more about the taiwan

taiwan an island located off the east coast of southern china is the largest piece of territory under the jurisdiction of the nation known officially as the republic of china constant debate over whether taiwan is its own sovereign state part of the republic of china or part of the people s republic of china has been going on for years with chinese leaders in the people s republic of china rejecting taiwan s legal separation and vowing that they will resolve the taiwan issue by military force if necessary and most citizens of taiwan opposing unification with china in the short run it would appear that taiwan faces some tough decisions ahead the a to z of taiwan republic of china offers insight into taiwan s situation through a chronology an introduction appendixes a map a bibliography and several hundred cross referenced dictionary entries on important people places events political parties and institutions as well as major political economic social and cultural aspects of this island country whether or not taiwan joins the people s republic of china or gains its independence taiwan s outcome is of the utmost importance and this reference provides the necessary information to understand its state of affairs

about the book learn to count with this children s bilingual picture dictionary english chinese traditional mandarin taiwan numbers children s bilingual picture dictionary rich center

this book investigates the legal and political evolution of chinese presidency from the period of its forerunner in the 1930s its establishment in 1954 to its abolition in 1975 and its restoration in 1982 and discovers that the presidency has evolved from a

traditional chinese title into a political position and then a state institution that has the constitutional appearance of a western style semi presidency however politically it has functioned in a stalinist party state with chinese characteristics whose candidates have been produced according to the ccp's step by step succession rules designated by the party leaders real political decision making power has not only been limited by these succession rules but also by the president's role and status within the ccp's collective supreme body the author weaves the themes of chinese politics and law together and explores not only the political implications of those constitutional provisions and amendments regarding this office but also the constitutional significance of the ccp's major political practices such as mao zedong's power of last say his idea of two fronts his controversial abolition of the chairmanship deng xiaoping's idea of the nucleus of leadership and diplomacy of the head of state by chinese presidents thus illuminating how law has been made in those unpredictable political environments and how politics has been defined by law the author concludes that the office of president is the key to understanding how power in china derives first from the ccp second from the military and third from the government loosely prescribed by laws even more important the millennia old confucian concept of the charismatic leader is alive and well while all eyes are on the new incumbent his predecessors have loomed large and continue to exert significant influence on him underlining decades of constitutional evolution and shifting political dynamics have been the changing foreign influences and local demands on china with so many variables at play the office of the president will certainly continue to evolve
